

Here Am I Broken Hearted

Johnny Nash

There she is, my old gal
There he is, my old pal
And here am I, broken hearted

She was mine in May, his in June
She forgot mighty soon
And here am I, broken hearted

The last time that we said goodbye
I knew that we were through
It's bad enough that I lost her
I only had to lose him too

There they go in their joy
Happy girl and lucky boy
And here am I, broken hearted

Oh, my heart will never ever know a pain
If I hadn't ever loved in vain
But here am I, broken hearted
