

A11

Johnny Paycheck

I just came in here from force of habit
I don't intend to spend too much time in here
But I saw you heading for the jukebox
And if you play A-11, there'll be tears

I don't know you from Adam
But if you're gonna play the jukebox
Please don't play A-11
Oh, this used to be our favorite nightspot

And when she was here, it was heaven
It was here; she told me that she loved me
And she always played A-11
I don't know you from Adam

But if you're gonna play the jukebox
Please don't play A-11
Please don't play A-11
