

All In the Name of Love

Johnny Paycheck

Take me in the name of love
Let me be the one you stand beside
Play me in the game of love
Let me see forever in your eyes

I will promise to love undying
You been lonely long enough
I didn't dry those tears you been crying
And I will do it all in the name of love

If you'll just take me in the name of love...

I'll be the words to your music
Sing me in the melody of love
I'll give you my life if you chose it
And I will do it all in the name of love

If you'll just take me in the name of love...
