

Live With Me ('Til I Can Learn To Live Again)

Johnny Paycheck

Hush side once of his warm woman
Is what drives a man insane
When he can't accept the fact she's gone
He surely can't stand the pain

If there's any feeling in your heart
For what our heart has been
Live with me long enough
For me to learn to live again

All I'm asking baby
Is let me buy a little time
'Cause if I can lose you day by day
I might not lose my mind

If you just look back for old times sake
I know that you'd give in
And live with me long enough
For me to learn to live again
