

Free Me

Johnny Preston

Since you've been gone I can't think right
Can't even sleep or eat a bite
I'm sending you an S.O.S.
I pray your heart will answer "yes"

And free me!
Darling, darling, free me!
Only you can free me from this misery

I know that I told you a lie
But did you have to say goodbye?
Without your love I can't go on
So please don't leave me all alone

Oh free me!
Darling, darling, free me!
Only you can free me from this misery

You are the judge and jury
My life is in your hands
I'm begging you for mercy
Please don't forget the life we've planned

So please forgive, forget the past
'Cause our love was meant to last
Don't try to change our destiny
Say you'll forgive and set me free

Oh free me!
Darling, darling, free me!
Only you can free me from this misery

And free me!
Darling, darling, free me!
Only you can free me from this misery
