

I walked a thousand miles  
I'd walk a thousand years for you  
They left a long time ago  
I saw the battleground  
I walk the line, I'd kill for you  
You've never been out on your own

And when it's time to roll that stone  
I pray I never fight alone again  
"You'll never be alone", that's what she said  
I pray this whiskey heals my soul  
I know I'll never see your face again  
I'll never see her fucking face again

La, la, la, la, la, la, la  
La, la, la, la, la, la, la  
La, la, la, la, la, la, la  
La, la, la, la, la, la, la  
La, la, la, la, la, la, la

I walked a thousand miles  
I won the fight, I killed for you  
How did I let this fire grow?  
Let's sort the battle out  
I want a thousand years for two  
I've never left you on your own

And when it's time to roll that stone  
I swear I always fall in your defense  
I'm wall to wall and you're the fence, oh yeah  
But if this love can take control  
I know your heart will feel like home, I bet  
I'll never be alone again

La, la, la, la, la, la, la  
La, la, la, la, la, la, la  
La, la, la, la, la, la, la  
La, la, la, la, la, la, la  
La, la, la, la, la, la, la
