Gabriella

Johnny Rain

I never thought I could be your type
My days may just pass me in your smile
Led me on and that ain't right
Now it's been a while, a while again

Gabriella, eh
Gabriella, eh
Gabriella, eh
Gabriella, eh

Girl we both know that you like me
Why you always tryna fight it?
Gabriella, eh
Gabriella, eh

From the first day that I noticed you, I wanted you
The tears in my head hold in you
But what was I supposed to do?
Oh I, I tried, I lied
But that wouldn't make it right

Gabriella, eh
Gabriella, eh
Gabriella, eh
Gabriella, eh

I'm still searching, but you're hiding
And I don't know what I'm finding
Gabriella, eh
Gabriella, eh

This is real, love, love, love
I would kill for us, for us, for us
Maybe in the future we'll see each other sometime
But until then you'll still be mine

Gabriella, eh
Gabriella, eh
Gabriella, eh
Gabriella, eh

My heart is, dying
Baby I'm heartless, baby I'm lightning
Gabriella, eh
Gabriella, eh

Gabriella, eh
Gabriella, eh
Gabriella, eh
Gabriella, eh

Gabriella, eh
