

Lullaby of Machine

Johnny Rain

I should've noticed it, when we first met
Somehow I knew, I wasn't the first
And there was no reason, for what you did
And that's what made it worse
(You couldn't resist it)
You a ho baby, you a ho baby
(How could I have missed it)
When I done seen the same thing
So many times, I should've known
(You'd put me through this shit)
Only you could've burned me
You could've burned me so bad
So bad

But you can't hurt me
I've felt this pain a million times before
Before
You can't hurt me
Cause I won't feel this anymore
And you're not worthy, anymore
Anymore, anymore

I'm coming down off a line right now
It's been a long time
But I'm still going hard with it
Face inside a mountain
I'm just trying to forget it
I know about them niggas
You was fucking in the city
Yeah I heard everything, everything
But I'mma hurt you
The way you tried to hurt me baby
And I won't feel one bit of pain
And if I can, I'll destroy you to pieces
And I won't feel one bit of shame

Cause you can't hurt me
I've felt this pain a million times before
Before
You can't hurt me
Cause I won't feel this anymore
And you're not worthy, anymore
Anymore, anymore

Love found, now gone
I'm now your loss
If a dove hits the ground
Will the sound be a song? Think about it
Baby think about it

You can't hurt me
I've felt this pain a million times before
You can't hurt me
Cause I won't feel this anymore
Anymore
