

# MEMORYHOUSE

Johnny Rain

No more red light  
Demon tale, in me and OD all I rely  
No Mandela, I'm that nigga on the real I'll  
Rock a fella like I'm Jigga, in Margiela  
Donatellas, OD Pendants  
Elliot flood the side I relish (please)  
Rick the Ruler, I do voodoo when I shut eye  
Lotta Krueger, have my shooters on a red eye  
On a flight I pop a booter and then I jet out  
Then it's goodnight  
Gotta know that  
I reminded every kuta who to go at  
Mix a fifth of 'Roc or Henny and I pour it  
Something hits the casa when I hit record  
Life too fast (yeah, yeah)  
Don't wanna crash (no, no)  
Maybe it's a problem, maybe I need more  
I've been missing every day I had to grow out  
Reminiscing in my head until I go out

Tears on the ride only tide your soul if you let it  
Spent enough time, think I might know what dead is  
Keep yourself in mind and your memories flowing, yeah

Dead inside, dead inside  
Dead inside, dead inside  
Dead end  
Dead inside, dead inside  
I'll be fine

Ain't no red light  
Melly tell 'em, way before I had the leverage  
Had a mission, we were young and overzealous  
Felt I lost my soul when I lost my brother's  
More than blood when backs were turned we had each other's  
That's what lead us  
Ask the fellas  
Bet they tell you we gon' do what Johnny tell us  
Same reason your girl can't keep from posting umbrellas  
Ain't looking for love, can't see no more Cinderellas  
Ain't no midnight  
Gotta know it  
Having visions of when you were so euphoric  
Where were you when I was feeling so below it  
Where were you when all my feelings were ignored  
Life too fast, yeah yeah  
Don't let it pass us, no  
Maybe you could be the one if you matured  
Man this life is full of shit I gotta grow out  
Reminiscing in my head until I go out

Tears on the ride only tide your soul if you let it  
Spent enough time, think I might know what dead is  
When the heart fades out but the beat keeps going, yeah  
Dead inside, dead inside  
Dead inside, dead inside  
Dead end
