Sight Seeing

Johnny Rain

2 AM, I see your face,
You hit me with that "How ya been stranger? Hey!"
And I replied, "Good, good. What's on your plate?"
She said, "I'm fine. I'm fine.
"I just really miss you.
"It's been a while, I was thinking I should hit you.
"Remember that party? Well, I kinda wanted to kiss you,
"But you was with my girl and I didn't want no issues."
Woah!
"Thought I was the only one that felt that way,
"It's good to know you feel the same."

I'm just trynna find my love tonight,
I'm lookin', I'm lookin', lookin', I'm lookin' baby,
Since she's gone, I've found another life.
And I don't need her, I just kept pushin'
I'm lookin', lookin'.
I'm just trynna find my love tonight,
I'm lookin', I'm lookin', lookin', I'm lookin', lookin'.
Since she's gone, I've found another life.
And now I'm down-n-out,
Better off without love.
Yea...

I think I've found my replacement.
You know, they say time is patience,
As things only got better the deeper we got in conversation.
Until she said, "I'm engaged",
And I said, "Congratulations."
If she could read my mind, she'd probably kill me, damn my heart is a ching.
Then we keep flirting.
If I could be her king,
Her my queen,
We could be together and do our thing.
Yea!
But I think I've been left alone,
She disappeared, so I guess I'm starting over again.

I'm just trynna find my love tonight,
I'm lookin', I'm lookin', lookin', I'm lookin' baby,
Since she's gone, I've found another life.
And I don't need her, I just kept pushin'
I'm lookin', lookin'.
I'm just trynna find my love tonight,
I'm lookin', I'm lookin', lookin', I'm lookin', lookin'.
Since she's gone, I've found another life.
And now I'm down-n-out,
Better off without love.
Yea...
