

## A Picture Of You

Johnny Reid

Love is like a penny in a wishing well  
It's a hand to hold, and a story to tell  
And every time I think about love I see  
A picture of you looking back at me

Well I'd pick you up in my old man's car  
We wouldn't go fast, we wouldn't go far  
And sitting right there in my front seat  
You were the prettiest thing I'd ever seen

Time goes by so fast  
When it's gone it don't come back  
If I could leave this world with just one memory  
It'd be a picture of you looking back at me

Well I promised your daddy I'd have you home  
And we'd swing out on the porch till he turned the lights on  
And underneath the moon and a million stars  
It's where I stole a kiss and you stole my heart

Time goes by so fast  
When it's gone it don't come back  
If I could leave this world with just one memory  
It'd be a picture of you looking back at me

Time goes by so fast  
When it's gone it don't come back  
If I could leave this world with just one memory  
It'd be a picture of you looking back at me
