

# Blank Page

Johnny Reid

Once upon a time I told my heart  
I tried to find it someone special  
Someone who'd never let go  
A lover and a friend

From the moment I laid eyes on you  
I knew that I was looking at my forever  
And so I surrendered  
And gave my heart to you

No one really knows the reason  
Why the story goes the way it does, sometimes  
And no one understands, no one controls the hand  
That writes the book of love, you see every line

Starts with a blank page  
A hello and what's your name  
Some call it a fool's game  
They've never met you  
Sometimes the ink fades  
And sometimes hearts change  
What a story love makes  
When it's true

Every now and then you know  
This life I live can leave me feeling  
Just a little crazy  
Knowing you're there baby  
Turns everything around  
Just the thought of you  
And me being at home  
Wrapped up together  
Takes away whatever  
Has been keeping me down

No one really knows the reason  
Why the story goes the way it does, sometimes  
No one understands, no one controls the hand  
That writes the book of love, you see every line

Starts with a blank page  
A hello and what's your name  
Some call it a fool's game  
They've never met you  
Sometimes the ink fades  
And sometimes hearts change  
What a story love makes  
When it's true

Yeah, yeah  
Yeah

Starts with a blank page  
Hello and what's your name  
What a story love makes  
When it's true  
My story is you
