

All I Need

Johnny Rivers

People think I'm crazy
My attitude seems hazy
I can't explain the things I do
I tried everything, you know what I mean
Now babe, I'm trying to get to you

All I need, all I need is your love
All I need, all I need is your love

I looked up to the skies
I got words from the wise
It still remains a mystery
I tried to simplify it
I did my best to deny it
But it keeps on coming back to me

All I need, all I need is your love
All I need, all I need is your love

I thought that I could live without love
All I did was faking it
All that love, all the love that you find
Is only as good as you make it

You know that now you mean so much to me
Just what you are, not what you seem to be
You know in love that all our dreams come true

Now it's playing seas, it's changing degree
Like when a boat turns in to shore (I believe, I believe)
I blew off my cover, only to discover
I believe, I believe in love

All I need, all I need is your love
All I need, all I need is your love

All I need, all I need is your love
Love, love, love
All I need, all I need is your love

All I need, all I need is your love
All I need, all I need is your love

All I need, all I need is your love
Love, love, love
