

## I'm In Love Again

Johnny Rivers

Early in the morning, sitting here all alone  
Waitin' for my baby to call me on the telephone  
I'm in love, I'm in love, feel good all the time.

I said I can't sleep at night, turning from side to side  
The woman that I'm lovin', she stays on my mind  
I'm in love, I'm in love, feels good all the time.

Now let's get it now baby!

Let me tell you baby, I'll tell you what I want to do  
I would rob, steal, kill somebody to get some money for you  
'Cause I'm in love, I'm in love, feels good all the time.

Now let's get it one more time baby!

Let me tell you baby, tell you what it's all about  
When I see you, honey child, you make me wanna jump and shout  
I'm in love, I'm in love, feels good all the time.

Early in the morning, sitting here all alone  
Waitin' for my baby to call me on the telephone  
I'm in love, I'm in love, feels good all the time  
I'm in love, I'm in love, feels good all the time.
