

It's The Same Old Song

Johnny Rivers

You're sweet as a honey bee, but like a honey bee stings
You've gone and left my heart in pain
All you left is our favorite song
The one we danced to all night long
It used to bring sweet memories
Of a tender love that used to be

Now, it's the same old song
But with a different meaning since you been gone
It's the same old song
But with a different meaning since you been gone

A sentimental fool am I
To hear a old love song and wanna cry
But the melody keeps haunting me
Reminding me how in love we used to be
Keep hearing the part
That used to touch my heart
Saying together forever
Breaking up never

It's the same old song
But with a different meaning
Since you been gone
It's the same old song
But with a different meaning
Since you been gone

Precious memories keep a lingering on
Every time I hear our favorite song
Now you're gone, left this emptiness
I only reminisce the happiness we spent
We used to dance on the music
Make romance through the music

It's the same old song
But with a different meaning
Since you been gone
It's the same old song
But with a different meaning
Since you been gone

It's the same old song
But with a different meaning
Since you been gone
It's the same old song
But with a different meaning
Since you been gone
