

# Last Train To Memphis

Johnny Rivers

Lonely sunset, Mississippi cotton fields  
Daddy's crying he can't pay this bills  
Mamma tells me it's gonna be alright  
Play that Gospel Music we can make it through the night

Hear this black man talking about Memphis Tennessee  
Battle place call Beale Street  
Where the blues are wild and free  
Mamma can we go there?  
It sures sounds like fun  
Daddy say let's do it, and the journey has began

Last train to Memphis  
Keeps on calling me  
Last train to Memphis  
Could be the last chance to find my destiny

Here comes that rainbow  
How long it will last?  
Looking out my window  
It's going by so fast  
Mamma can I buy you a brand new cadillac?  
Parket in your drive way shinning pink and black

Last train to Memphis  
Keeps on calling me  
Last train to Memphis  
Could be the last chance to find my destiny

All my dreams rolling down the track  
I got this feeling we ain't never coming back  
This way I guess I knew somewhere deep inside  
That mistery train will take me for a ride someday

Hear this black man talking about Memphis Tennessee  
Battle place call Beale Street  
Where the blues are wild and free  
Mamma can we go there?  
It sures sounds like fun  
Daddy say let's do it, and the journey has began

Last train to Memphis  
Keeps on calling me  
Last train to Memphis  
Could be the last chance to find my destiny  
Last train to Memphis  
Rolling down the track  
Last train to Memphis  
We are leaving and we ain't coming back  
Ain't coming back  
Ain't coming back
