

# Long Long Walk

Johnny Rivers

Yeah, I'm tellin' you baby, just listen to me  
Whatever I say that's got to be  
Well, I'm tellin' you baby, you better get right  
Don't you give me no trouble, don't you start a fight  
We'll take a long long walk  
Yeah, I mean a long long walk  
Yeah, we'll take a long long walk  
We'll have us a long long talk  
(Long long walk, long long walk)

'Cause your daddy got money, you think you're hot  
You know you think you got something nobody else got  
I'm tellin' you baby, you better get straight  
We ain't goin' out on another date  
We'll take a long long walk  
Mmm, I mean a long long walk  
Yeah, we'll take a long long walk  
We'll have us a long long talk  
(Long long walk, long long walk)

There'll come a time when you're a-gonna be blue  
You're gonna look at me and I will say we're through  
It's all your fault, don't you get sore  
I'm tellin' you baby, we ain't got it no more  
We'll take a long long walk  
Yeah, I mean a long long walk  
We'll take a long long walk  
We'll have us a long long talk  
(Long long walk, long long walk)  
Oh let's walk it now!

(Long long walk, long long walk)  
There'll come a time when you're a-gonna be blue  
You're gonna look at me and I will say we're through  
It's all your fault, don't you get sore  
I'm tellin' you baby, we ain't got it no more  
We'll take a long long walk  
Oh baby, a long long walk  
We'll take a long long walk  
We'll have us a long long talk  
(Long long walk, long long walk)  
(Long long walk, long long walk)  
(Long long walk, long long walk)
