

Look At The Sun

Johnny Rivers

Look at the sun, it's shining
Shining once again
(Look at the sun)
Look at the grass, it's growing
Growing once again
(It's so long)
Look at you now, you're smiling
Smiling once again
(Let it shine)

Look at the light returning
Returning once again
To all the souls of men
(Open your heart)
To all the souls of men
(Open your heart)
