

# Monkey Time

Johnny Rivers

The music begins to play  
Automatically you're on your way  
Are you ready  
You get yours, 'cause I got mine

There's place right across town  
Where the dancin' is steady  
Where people gather round  
Whenever they're ready  
And then the music begins to play  
You feel a fool standin' round this way  
Are you ready (are you ready)  
You get yours, 'cause I got mine  
For the monkey time (monkey time)  
Monkey time (monkey time)

Now the dance that the people do  
I don't know how it started  
All I know that when it's feelin' good  
It's hard to get parted  
And then the music begins to play  
Automatically you're on your way  
Are you ready (are you ready)  
You get yours, baby, I got mine  
For the monkey time (monkey time)

Do the monkey - yeah (the monkey time)  
Do the monkey - yeah (the monkey time)

Twist them hips  
Let your back bone slip (monkey time)  
Move your feet (monkey time)  
Get on the beat (monkey time)  
Are you ready (are you ready)  
You get yours, 'cause I got mine  
For the monkey time (monkey time)  
The monkey time (monkey time)

Give me a big boss line (monkey time)  
You're lookin' real fine (monkey time)

Come on  
Do the monkey - yeah (the monkey time)  
Do the monkey - yeah (the monkey time)

Twist them hips (monkey time)  
Let your back bone slip (monkey time)  
Are you ready (monkey time)

Do the monkey - yeah (monkey time)  
Do the monkey - yeah (monkey time)...
