

# Shadows On The Moon

Johnny Rivers

I was so down  
Let myself get kicked around  
Always losing solid ground  
Seems a long time since I held my head high  
In this part of town

I've been so off for so long  
That even I'm sick of hearing my same old song  
No one around here can heal my heart  
No one around here can heal my heart

Out for so long, thought I'd never come home  
Destined to spend more time alone  
Seems a long time since I've seen you coming 'round  
This part of town

I've been so off for so long  
That even I'm sick of hearing my same old song  
No one around here can heal my heart  
No one around here can heal my heart

I've been so off for so long  
That even I'm sick of hearing my same old song  
No one around here can heal my heart  
No one around here can heal my heart

Through the windows at night, I watch shadows on the moon  
Staring at the stars, I think of you  
You were the only one who never let me down  
You were the only one that was true  
I think of you  
I think of you  
I think of you  
I think of you
