

## Uphill Peace Of Mind

Johnny Rivers

You've got the time  
I've got the time  
You've got the feeling  
I'm gonna make it alright

Watch where you're hitting now  
Watch where you go  
You intentions, baby, yessir  
But you won't let them show

Uphill, Lord I've got to find  
Uphill, I have got to find  
Uphill baby, Lord have mercy, I have got to find  
I've got to find myself, a little peace of mind  
I've got to find myself, a little peace of mind

You've got the time  
I've got the time  
You've got the need  
To make it on down the line

You won't share your loving now  
You won't share your heart  
You keep yourself imprisoned baby, yessir  
Well I don't want no part

Uphill, Lord I've got to find  
Uphill, baby, I just got to find  
Uphill baby, Lord have mercy, I have got to find  
I've got to find myself, a little peace of mind  
I've got to find myself, a little peace of mind

Woah!, Woah!, Woah!...

Uphill, Lord I've got to find  
Uphill, you know I've got to find  
Uphill baby, Lord have mercy, I have got to find  
I've got to find myself, a little peace of mind  
I've got to find myself, a little peace of mind

You've got the time  
I've got the time  
You've got the feeling, oh yeah  
I'm moving down the line

Woah!, Woah!, Woah!...
