

# Why Can't We Communicate

Johnny Rivers

Well I can't talk to my mother  
With out giving me A big debate  
I can't talk to my father  
Because hes always running late  
Oh baby  
I wanna be with you  
I wanna be with you  
I just can't wait

Come on and talk to me now honey  
Tell me why can't we communicate  
Well i'm sitting in my classroom  
They wouldn't let me talk at all  
They put me in the .....  
With my back against the wall  
Aw baby  
You got to talk in me  
Girl i know you got something to say  
But everytime i get to close honey  
You just turn your head and walk away  
I wanna tell you all about me  
I got so much deep down inside  
I wanna know more about you

Open up you got nothing to hide  
The company that i work for dont know that i'am alive  
The boss dont even know my name  
I'm just a staff who works from 9 to 5  
I wanna be with you  
I wanna be with you  
But its getting late  
Come on and talk to me now girl  
Tell me why can't we communicate

Oh yea  
Well  
Music guitar solo talk to me honey  
I wanna tell you all about me  
I got so much deep down inside  
I wanna know more about you  
Open up you got nothing to hide  
Well I can't talk to my mother  
With out getting into a big debate  
I can't talk to my father  
Because hes always running late
