

Fools For Each Other

Johnny Rodriguez

I don't want to tell you that it's over
You don't want to tell me that we're through
But we can hardly look at one another
I guess leaving is the best thing I can do

We used to be fools for each other, crazy from the start
Fools for each other, we couldn't stand to be apart
We used to be fools for each other
But now we're just two fools with broken hearts

I suppose you'll find another lover
And it won't take me long to fall again
It seems to me we're just like one another
Foolish lovers 'til the very end

We used to be fools for each other, crazy from the start
Fools for each other, we couldn't stand to be apart
We used to be fools for each other
But now we're just two fools with broken hearts
