

## Love, Look At Us Now

Johnny Rodriguez

Love, look at us now  
Acting like strangers  
Just look at us now  
Ignoring the danger

I know, you want me to stay  
So why are you acting this way?  
I no longer know what to say  
When I come around you

Love, look at us now  
Acting like children  
So lost in ourself  
That nobody will win

I know you want me to stay  
So why am I acting this way?  
You no longer know what to say  
When you come around me
