

# Lay It All on Me

Johnny Stimson

When you feel down and out  
Nothing seems right  
It's like you're walking through a cloud  
Lay it all on me

Raindrops roll down your cheek  
When life turns out a little different than your dreams  
Lay it all on me

'Cause even if the sky is falling down  
Nothing could change my love  
And even if your heart is filled with doubt  
I swear I won't give up  
And I'll be here to remind you that you'll always be enough  
Whenever life gets too heavy  
Lay it all on me  
Lay it all on me

When you feel out of place  
You're in my arms  
But you're a million miles away  
It's okay  
Lay it all on me

When you can't sleep at night  
You feel so tired  
But you just can't turn off your mind  
Lay it all on me

'Cause even if the sky is falling down  
Nothing could change my love  
And even if your heart is filled with doubt  
I swear I won't give up  
And I'll be here to remind you that you'll always be enough  
Whenever life gets too heavy

I might not be able to fix a single thing  
But I'll stay right here beside you no matter what life brings  
So lay it all on me
