

# One Track Mind

Johnny Thunders

When I was born  
I had a think up a song  
To live like I wish  
I had to flop like a fish  
In the confusion  
I made an illusion  
I spit out a track  
And I don't look back

I Gotta One Track Mind  
I Gotta One Track Mind  
I Gotta One Track Mind  
Over You

Evrythings nice  
When you're coved in ice  
But you open yer eyes  
And it's one big lie  
Well I feel right in home  
In This Room of my own  
My rule book is finish  
It says don't come in

I Gotta One Track Mind  
I Gotta One Track Mind  
I Gotta One Track Mind  
Over You

I got tracks on my arms  
Trakcs on my face  
There's track on the walls  
And all over the place  
But I don't think I'd miss it  
If I had you to fix it  
I just want you  
For just one night

I Gotta One Track Mind  
I Gotta One Track Mind  
I Gotta One Track Mind  
Over You

I Gotta One Track Mind  
Over You
