

Funky Music

Johnny Winter

Yeah funky music

When she woke me up this morning
I didn't have the strength to open my eyes
Sunlight through my open window
Won't mix with music after Saturday nights

I was on my feet in no time
Searchin' through the records that I wanted to play
Got to fill my head with music
Some funky rock and roll, you know I heard it all day

Funky music oozing out of the guitar
Music that goes straight to your feet
Feel that drivin' rhythm makin' you high
I just love that rock and roll beat
I can't live without that funky music
Nothing moves me like that funky music

Yeah dirty music
Alright

Don't you know it's going to get you
It's sneaking up on you where ever you go
And pretty soon before you know it
Your head is clutching and you're beggin' for more

Funky music oozing out of the guitar
Music that goes straight to your feet
Feel that drivin' rhythm making you high
I just love that rock and roll beat
I can't live without that funky music
Nothing moves me like that funky music
Don't want to live without that funky music
Nothin' move me like that funky music
