

Messin' With The Kid

Johnny Winter

What's this I hear goin' all around town
Tell everybody ya got to put the kid down

Oh lord, look at what-cha' did
Call it what you wanna
I call it messin' with the kid

Well you take the kids car and ya drive around the block
Ya tell everybody Look at what you got

Hey, hey, oh lord, look at what-cha' did
Call it what you wanna

I call it messin' with the kid

Well the kid don't jive and he don't play
He say what he means and he mans what he say

Oh lord, oh lord, look at what cha' did
Call it what you wanna
I call it messin' with the kid

What's this I hear goin' all around town
Tell everybody ya got to put the kid down
