

Roll with Me

Johnny Winter

Walk that walk
Talk that talk
Wrapped up in a leather jacket
Rock, rock, rock with me
Roll with me

Looking cool after school
Got to find a girl who wants to fool, fool, fool
Oh, fool with me

Roll, roll, roll with me
We've got to move on, till we reach the top
Roll, roll, roll with me
You know you'll never, never ever
Gonna wanna stop

Looking good like she should
Hey little girl do you think you could with me
Roll with me
You gotta walk that walk
Talk that talk
Wrapped up in a leather jacket
Rock, rock, rock with me
Roll with me

Roll, roll, roll with me
We've got to move on, till we reach the top
Roll, roll, roll with me
You know you'll never, never ever
Gonna wanna stop
