

## Slidin' In

Johnny Winter

You're my kind, big woman  
And this mess is plain to see  
While I'm busy two-timin' somebody else  
This bitch tryin' to threaten me

Hey hey little girl  
Baby, I thought you were my friend

(Yeah but you're foolin')

Well when your man slip out  
You know I'll be slidin' in

(Yeah baby, slidin' in, hey dig this man)

You know the way I got my woman, people  
You know I stole her from another man  
You know but some fool got lucky  
And stole her away again

Hey hey little girl, little girl  
Baby I thought you was my friend

(Uh huh)

Well when your man slip out  
Baby you know I'll be slidin' in

(Yeah I'll make you side)

Well the way this mess is goin'  
'Bout to get my fool self killed  
But she can love me with a feelin'  
That girl can love me with a feel

Hey hey, little girl  
Baby I thought you was my friend

(Yeah I did)

Well when your man slip out  
There I come slidin' in

(Yeah, I'm gonna slide on in baby)
