

Big Time

JOHNNYSWIM

I can see it in the distance
Oh, you see it too
It too, the truth isn't what you really want
So I'm waitin' in a fog
I hope to change your mind
Your mind, I find isn't really yours at all

Oh, the way I see it
You owe me big time
Oh, the way I see it
You owe me big time

You owe me, you owe me
You owe me big time

Oh, I love you so much more
Than all the other fools
Those fools 'round you don't see how ugly you can be
Let 'em yell and say I'm cruel
Say I'm far too mean to you
To you I'm Judas and every savior's hated too

But the way I see it
You owe me big time
Oh, the way I see it
You owe me big time
Oh, the way that I'm treated
It's a fine crime
Oh, the way that I see it
You owe me big time, big time

You owe me, you owe me
You owe me

I'll say what no one else will tell you (Ooh-oo-oo)
I'll love you long after they are gone
I'll carry all the weight of your stupidity
As I whisper "You're wrong, you're wrong, you're wrong"
I love you, but you're wrong"

You owe me big time
The way I see it
You owe me big time
Oh, the way that I'm treated
It's a fine crime
I mean it
You owe me big time, big time

You owe me, you owe me
You owe me big time, big time
You owe me, can't you see it?
You owe me big time
