Bridges

JOHNNYSWIM

So here we find ourselves arms deep in a wishing well
Holding to love, a love that's ours
Steady we've kept our eye clear from the exit sign
Knowing that fear can feel like doubt

Oh oh oh, no point in staying safe
Oh oh oh, it just gets in the way

So let's burn the bridges down
Let's burn the bridges down
Light 'em up, no turnin' around
No escape through the ashes now
Let's burn the bridges down
Let's burn the bridges down
Light 'em up, no turnin' around
No escape through the ashes now
Let's burn the bridges down
Oh oh oh, burn the bridges down
Oh oh oh

Darling, we celebrate
Through the smoke and the wild flames
Oh in this heat, feels like summer
And here I make my pledge
Standing on the water's edge
I ain't gonna swim
You'll have to pull me under

Oh oh oh, no use in staying safe
Oh oh oh, it just gets in the way

Let's burn the bridges down
Let's burn the bridges down
Light 'em up, no turnin' around
No escape through the ashes now
Oh let's burn the bridges down
Oh let's burn the bridges down
Light 'em up, no turnin' around
No escape through the ashes now
Let's burn the bridges down
Oh oh oh, let's burn the bridges down
Oh oh oh

Light 'em up, they just get in the way
Strike a match anytime, it'll turn into flame
Say goodbye, I know I'll said all mine
The love that we keep is the shelter we find
Light 'em up, they just get in the way
Strike a match anytime, it'll turn into flame
Say goodbye, I know I'll said all mine
The love that we keep is the shelter we find

Let's burn the bridges down
Let's burn the bridges down
Light 'em up, no turnin' around
No escape through the ashes now
Let's burn the bridges down

Let's burn the bridges down
Light 'em up, no turnin' around
No escape through the ashes now
Let's burn the bridges down
Oh oh oh, let's burn the bridges down
Oh oh oh, let's burn the bridges down
Oh oh oh, let's burn the bridges down
