

Bullet

JOHNNYSWIM

I won't be forgettin' the first time that I saw ya
I keep replayin' that day
I still remember the smile that I gave ya
And how to get away

Oh, we were kids, we were careless
Reckless with love, couldn't care less
I would've sworn we were fallin' in love
But they said you dodged one

Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet from the gun?
The bullet or the target?

I don't remember the first time we kissed
I just remember what it meant
I don't remember the first time I missed ya
I just remember how you left

Oh, we were kids livin' careless
Reckless in love, couldn't care less
I could've sworn we were fallin' in love
But they said I dodged one

Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet or the target?
Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet from the gun?
Oh, was I the bullet or the target?

Help me, help me, baby, I'm fallin'
If it's on me, then maybe I'm sorry
Love me honey, down in the rubble
Tell me now then, which one's the trouble?
Help me, help me, baby, I'm fallin'
If it's on me, then maybe I'm sorry
Love me honey, down in the rubble
Tell me now then, which one's the trouble?
Which one's the trouble? Ooh-ooh-ooh-ooh
You or me, babe? (Which one's the trouble?)

Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet or the target?
Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet or the target?
Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet or the target?
Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet from the gun?
Was I the bullet or the target?

Help me, help me, baby, I'm fallin'
If it's on me, then maybe I'm sorry
Love me honey, down in the rubble
Tell me now then, which one's the trouble?
I don't remember the first time we kissed
I just remember what it meant
I don't remember the first time I missed ya
I just remember how you left
