

Falling For Me

JOHNNYSWIM

I'm a diamond in the rough and wild
You're a heart that's just too wild and free
I'ma looking for a hand to hold me
You're just looking for a chance to bring me to my knees

Oh some may say you're mad to chase a heart locked away
On its own soul-less enemy
There ain't nothing in this world you'd like to be less than a
wounded soul like me
That's what you'll get falling for me

Oh I'm a mountain only you can move me
All my stones are shapened by your stream
But I'm just a girl ain't never been a savior
I'm just a man here waiting for the one id hope you'd be

Some may say I'm mad to chase a heart locked away
On its own soul-less enemy
There ain't nothing in this world you'd like to be less than a
wounded soul like me
That's what you'll get falling for me

Get out of my heart
Get out of my mind
Get out of my dreams
Get out of my sight
You might've known doubt
You might've known fear
You might've known love
But you never knew me
But you never knew me

No you never knew me
You never knew me
You might've known love
But you don't know me

Some may say I'm mad to chase a heart locked away
On its own soul-less enemy
There ain't nothing in this world you'd like to be less than a
wounded soul like me
That's what you'll get falling for me
