

## Los Feliz

JOHNNYSWIM

Something 'bout LA  
Golden hour getaway  
Oh  
I want you close  
Heartache made me wait  
I always played it safe  
Oh  
I'm letting go

Look at you, something new  
Walking my way

Catching feelings down at Los Feliz  
Bowie's on the radio  
First tequila, diamonds on the ceiling  
Swaying to the rock 'n' roll  
Hands touch, I'm making you laugh  
It feels good falling so fast  
I can't believe I thought I'd never see it  
Catching feelings down at Los Feliz

Where you from? Where you been?  
Where we going? You know I'm in  
Ooh  
I'm following you  
I'm in heaven staying present  
Won't get caught up in the pressure  
I'm in love with every second  
That we're having here together

Look at you, something new  
Walking my way

Catching feelings down at Los Feliz  
Bowie's on the radio  
First tequila, diamonds on the ceiling  
Swaying to the rock 'n' roll  
Hands touch, I'm making you laugh  
It feels good falling so fast  
I can't believe I thought I'd never see it  
Catching feelings down at Los Feliz

Catching feelings  
Down at Los Feliz

I'll wait if I get there before you (Feliz)  
I can wait  
I'm never giving you up  
I'll wait if I get there before you  
I can wait  
I'm never giving you up

Catching feelings down at Los Feliz  
Dylan is on the radio  
First tequila, diamonds on the ceiling  
Swaying to the rock 'n' roll, yeah  
Hands touch, I'm making you laugh

It feels good falling so fast  
I can't believe I thought I'd never see it  
Catching feelings down at Los Feliz

I'll wait if I get there before you  
I can wait  
I'm never giving you up  
I'll wait if I get there before you  
I can wait  
(Down at Los Feliz)  
If I get there before you  
If I get there before you  
I'm never giving you up  
Catching feelings  
I'm never giving you up
