

# Moonlight

JOHNNYSWIM

How many moons did I wait here to get?  
Lost in a love I must learn to regret  
Always knew it'd be wonderful  
And it was wonderful

Say it's real  
Won't you tell me  
You'll be here  
Long after the moonlight's gone?  
Say you feel  
Ruined for love since you met me  
You'll be here  
Long after the moonlight's gone

A moment of passion has cost me a friend  
No, I don't think we can be one again  
I must admit: it was wonderful  
Maybe too wonderful

Say it's real  
Won't you tell me  
You'll be here  
Long after the moonlight's gone?  
Say you feel  
Ruined for love since you met me  
You'll be here  
Long after the moonlight's gone

Was it worth it?  
Should we take it back? Should we take it back?  
No, it was perfect  
Now let's make it last, let's make it last  
Was it worth it?  
Should we take it back? Should we take it back?  
No, it was perfect  
Now let's make it last, let's make it last

Say it's real  
Won't you tell me  
You'll be here  
Long after the moonlight's gone?  
Say you feel  
Ruined for love since you met me  
You'll be here  
Long after the moonlight's gone

(Was it worth it?)  
(Should we take it back? Should we take it back?)  
(No, it was perfect)  
(Now let's make it last, let's make it last)  
How many moons did I wait here to get?  
Lost in a love I must learn to regret
