Summertime Romance

JOHNNYSWIM

I love the way you talk that talk boy
You build a world with every word you say
I knew I was gonna fall for you boy
I was all in before a memory was made, yeah
Darling I was young enough, I know I was dumb
Dumb enough to throw my heart in
And I know we're growing up and life is rough
But love at any cost is a bargain
It's quite the bargain

Oh, I've never been more at home
At a house or a hotel
So let's take our time on this road
Nowhere to be, just you and me
Needing nothing
Flow with the breeze, we're fancy free
Ain't we honey?

Wherever we are, that's where we are kind of loving
You and I, made a life, a paradise
Of a summertime romance
Of a summertime romance, yeah

I love the way you say my name, babe
It's a melody I hope you'll never change
Da-da-da-da-da-da-da, da-da-da-da
I love the way you made my namesake
God knows I'll never be the same, babe

Cause I've never been more at home
At a house or a hotel
So let's take our time on this road
Nowhere to be, just you and me
Needing nothing
Flow with the breeze, we're fancy free
Ain't we honey

Wherever we are, that's where we are kind of loving
You and I, made a life, a paradise
Of a summertime romance
Of a summertime romance
You and I baby
Of a summertime romance
Of a summertime romance

Cause I've never been more at home
At a house or a hotel
I made my promise known
Before the very first church bell
So let's take our time on this road, baby
Wherever we are, that's where we are kind of loving
We've got a brave and an insane kind of loving
Fell from the stars now here we are kind of loving

Nowhere to be, just you and me
Needing nothing
Flow with the breeze, we're fancy free

Ain't we honey?

Wherever we are, that's where we are kind of loving
Cause you and I, made a life, a paradise
Of a summertime romance
Of a summertime romance
You're my summertime romance
