Do you know my name?
I'm the one to blame
I don't fool around
I don't play no games

You're coming with me
To where you should be
'Cause it's my design
And I'll take my time
It's my desire
And I know what's right

Eyo, eyo, eyo, eyo
Eyo, eyo, eyo, eyo

I know you'd rather be
Set apart from me
But I'm staying right here
No escaping this

What's been down below

You're coming with me
To where you should be
'Cause it's my design
And I'll take my time
It's my desire
And I know what's right

Eyo, eyo, eyo, eyo
Eyo, eyo, eyo, eyo
Eyo, eyo, eyo, eyo
Eyo, eyo, eyo, eyo, eyo

You should know my name
I'm the one to blame
Eyo, eyo
Eyo, eyo
