

As we move out in the night
I need something to keep me strong
Johnny don't you go out of line
Been stepping over I'm losing my calm

It's a fatal attraction
But I'll fall for it
I do

When this night is over
I will let you down
I will leave you broken
With brand new, modern sounds

But I said (you're a free man)
I'm a free man (yeah I said)
Oh I said (you're a free man)
I'm a free man
I do whatever, whatever I want

I saw you move out of the light
Stepping over, closer to me
No longer wearing your disguise
Pulling tricks, got blood on your sleeve

It's a fatal attraction
But I'll fall for it
I do

When this night is over
I will let you down
I will leave you broken
With brand new, modern sounds

But I said (you're a free man)
I'm a free man (yeah I said)
Oh I said (you're a free man)
I'm a free man
I do whatever, whatever I want

But I said
I'm a free man
Oh I said
I'm a free man
I do whatever, whatever I want

I'm a free man
I'm a free man
