

Hands

Johnossi

Spread your legs and shut your mouth
Put your hands where I can see 'em
I know exactly what you're all about
So put your hands where I can see 'em
I believe that it is people like you
That deserves to be beaten by me, black and blue
I believe it

Sorry, officer, for driving through
I'll put my hands where you can see 'em
Don't want no trouble, tell me what to do
I'll put my hands where you can see 'em
You should know that I'm a family man
Swear to God I ain't done nothing wrong, understand
Please believe me

Boy, how dare you act so innocent and juvenile
Sick and tired of you people doing drugs at night
I guess your father left you and your mom to her despair
Why do you think I'd even care?
Put your hands up in the air

If you believe in love tonight
Then put your hands where I can see 'em
If you believe we could all unite
Then put your hands where I can see 'em
Try to believe that we are one
And the world is a beautiful pearl in this great universe
I believe it

Hey, in another life
Hey, I will prove I'm right

I would never let nobody tell me how to live
All I know is I feel better once I start to give
Imperfection is a beauty everybody shares
Fuck them haters, we don't care
Put your hands up in the air

I would never let nobody tell me how to live
All I know is I feel better once I start to give
Imperfection is a beauty everybody shares
Fuck them haters, we don't care
Put your hands up in the air

Fuck them haters we don't care
Put your hands up in the air
Fuck them haters we don't care
Put your hands up in the air
