

Into The Wild

Johnossi

In the wild I see no roses
In the wild I feel no pain
I'm alive, but I am broken
Im alive, but I'm ashamed

It's a stormy cloudy winter
I'm gonna leave without a trace
Are you longing for the summer
I want something to embrace

What was the deal now
And was it for good
And how does it feel now
You work till you're numb

We're going into the wild

They ain't gonna wait untill tomorrow
They ain't gonna wait until it's done
They don't care about your sorrow
Keep on running until you're numb

What was the deal now
And was it for good
And how does it feel now
You work till you're numb

She said to me
"When you fall, you go nowhere at all
And all the places you've been
You know they don't mean a thing"

You're going into the wild
Into the wild
We're going into the wild
Into the wild

In the wild I see no roses
In the wild I feel no pain
I'm alive, but I am broken
Im alive, but I'm ashamed

What was the deal now
And was it for good
And how does it feel now
You work till you're numb

We're going in to the wild
Into the wild
Let's go into the wild

I can swim
I can swim
I can swim
I can swim
I can swim
I can swim

I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim

Let's go into the wild

I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim

Let's go into the wild

I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim

Let's go into the wild

I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
I can swim
