

## On A Roll

Johnossi

Hey little dancer, what's on your mind  
Down for whatever rain or come shine  
You say take it easy but easy won't go  
We got a secret they don't know

Running around  
I get so fired up around you my friend  
Running around  
I get so fired up

What you see is what you get  
But you ain't seen nothing yet  
My heart is on a roll again, on a roll again  
If you need a fool tonight  
Go ahead, put your hand in mine  
My heart is on a roll again, on a roll again

Hey bitter dancer leave me alone  
I need to do this here on my own  
Man this doctor's keeping me ill  
I just need something to make my mind still

Running around  
I get so fired up around you my friend  
Running around  
I get so fired up

What you see is what you get  
But you ain't seen nothing yet  
My heart is on a roll again, on a roll again  
If you need a fool tonight  
Go ahead, put your hand in mine  
My heart is on a roll again, on a roll again

On a roll again, on a roll  
On a roll again, on a roll  
On a roll again, on a roll

What you see is what you get  
But you ain't seen nothing yet  
My heart is on a roll again, on a roll again  
If you need a fool tonight  
Go ahead, put your hand in mine  
My heart is on a roll again, on a roll again  
My heart is on a roll again, on a roll again
