

Sleepin' In

Johnossi

Yesterday, I saw a sign from miles away
"Look beyond, for the time is slipping"
Beneath the soil, there's a flow that still remain
Let me go for the time, I'm sleepin' in

Time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in
Time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in

If I'd settle, join in the game
Build it around my faith
A thousand wishes, but nothing to gain
Look, here's a life to waste

Take me there to the sound of wilderness
Got the strength for the door I kick in
Now I know, I saw the sign, I'm not afraid
Let me go for the time, I'm sleeping in

Time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in
Time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in

If I'd settle, join in the game
Build it around my faith
A thousand wishes, but nothing to gain
Look, here's a life to waste

Saw the video, heard the And I wanna climb back in
A thousand wishes, but nothing to gain
I wanna climb back in

Time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in
Time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in

And if I'd fall right next to everyone
That ever tried before me, still I've won

If I'd settle, join in the game
Build it around my faith
A thousand wishes, but nothing to gain
Look, here's a life to waste

Saw the video, heard the And I wanna climb back in
A thousand wishes, but nothing to gain
I wanna climb back in

Time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in
Time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in
For the time I'm sleeping in
