

# Sunny

Johnossi

See her walking around in the store  
See her walking around in the store  
I've seen her walking around

I've seen nobody like her before  
Seen nobody like her before  
Seen nobody like her

Someone's honey

Dare to say anything at all  
Dare to say anything at all  
Dare to say anything at all

Soon she gonna walk out the door  
Soon she gonna walk out the door

Soon she gonna walk out the door  
Something to worship and adore  
Someone's honey  
Well I just want to be somebody's whore  
She seem so sunny

Something to worship and adore  
Someone's honey  
Well I just want to be somebody's whore  
She seem so sunny

See her walking around in the store  
See her walking around in the store  
See her walking around
