Dope Feind

Johnta Austin

Aw baby
Said i need u baby
My baby

Don't know what it is
But everytime i'm with you
I feel like i'm on pills
Especially when i kiss you
When i touch your skin
I can feel my body numb
Girl u got me twisted
Let a nigga hit it
You make me high
And i just don't believe how
I touch the sky
Everytime you come and put your hands on me
Look in my eyes
Girl i'm so gone
Turned out, oh, your love is so strong

Dope fiend, dope fiend
I'm just like a dope fiend
When it comes to your love
Girl i'm like a junkie
Dedicated to your drug
Baby let me get some
Smoke you, snort you, shoot you in my system
Dope fiend, dope fiend
I'm just like a dope fiend
When it comes to your love
Girl i'm like a junkie
Dedicated to your drug
Baby let me get some
Smoke you, snort you, shoot you in my system

Can't nobody touch ya
'cause you are like no other
Straight up hustla
And i'm your favorite customer
Give me a dime, hell naw
Give me dub
Girl let's go to rehab
Rehab's in the tub
You make me high
And i just don't believe how
I touch the sky
Everytime you come and put your hands on a nigga
Look in my eyes
Girl i'm so gone
Turned out, oh, your love is so strong

Dope fiend, dope fiend
I'm just like a dope fiend
When it comes to your love
Girl i'm like a junkie
Dedicated to your drug
Baby let me get some

Smoke you, snort you, shoot you in my system
Dope fiend, dope fiend
I'm just like a dope fiend
When it comes to your love
Girl i'm like a junkie
Dedicated to your drug
Baby let me get some
Smoke you, snort you, shoot you in my system

Girl i can't wait
You know i need a hit
If i don't get it
You know i'm gon be sick
So get in the rover
Come on over
Don't act funny now
You know what i want from ya

Want that good ol love
Right here right now
Need that good ol love
Any way and anyhow
Want that good ol love
Every day and every night
You know you got that thang
You know you got that thang
'cause it makes me feel alright

Dope fiend, dope fiend
I'm just like a dope fiend
When it comes to your love
Girl i'm like a junkie
Dedicated to your drug
Baby let me get some
Smoke you, snort you, shoot you in my system
Dope fiend, dope fiend
I'm just like a dope fiend
When it comes to your love
Girl i'm like a junkie
Dedicated to your drug
Baby let me get some
Smoke you, snort you, shoot you in my system
