

# Imperfect

Joi Cardwell

Sunrise and Sunset  
Each day is a miracle see  
And sometimes within them  
Both joy and pain it will bring  
It's time to realize  
It can be paradise  
And it will come to you  
It is all true  
In times of happiness  
Even not we are blessed  
So in my lil song I sing this  
To you

Life is imperfect  
And full of insanity  
Love is imperfect  
But it is what I believe in  
Life is imperfect  
But it is the joy it brings  
On those days when you're feeling alone  
I just want u to know  
That it will be alright.

Sometimes and some nights  
Well that day rain will bring  
But storms pass into calmness  
And then we'll know everything  
It's time to realize  
It can be paradise  
And it will come to you  
It is all true  
In times of happiness  
Even not we are blessed  
So in my lil song I sing this  
To you

Life is imperfect  
And full of insanity  
Love is imperfect  
But it is what I believe in  
Life is imperfect  
But it is the joy it brings  
And those days when you're feeling alone  
I just want u to know  
You got to believe.
