

## BLAHBLAHBLAH DEMO

Joji

I can make you feel it closer, baby, one more time  
(One more time)  
I can really feel you closing in, I stayed outside  
(Stayed outside)  
I love, I love, I love, no matter how  
How much they take  
(How much they take)  
Something tells me we were chosen so we keep on trying  
(Keep on trying)

She said I'm dumb, surrounded by strangers  
When I hear your voice, I'm in too deep  
Feeling undone, I can't be the only one  
I wanna be forever young

I can make you feel it closer, baby, one more time (Yeah)

Silhouettes, silhouettes, layin' in the west  
I've got nothin' in my vest (In my vest)  
Intimate, intimate, just layin' in my chest  
Pray you never lay to rest (Lay to rest, lay to rest)  
We got here just in time (Yeah)  
Don't get lost in this life  
Levitate, levitate (Levitate, levitate)  
Like an atom, separate (Like an atom, separate)  
Elaborate, elaborate (Elaborate)  
Been a long time, I can see it on the bait (Yeah)  
I can see it on the bait  
I can see it on the bait

Ooh (Yeah-yeah Yeah)
