

Remember

Joji

I got knots all up in my chest
Just know I'm trying my best
Cause when you look
When you laugh
When you smile
I bring you back
And now you're sad
And I'm a mess
And now we high
That's why I left

Will your tongue still remember the taste of my lips?
Will your shadow remember the swing of my hips?
Will your lover caress you the way that I did?
Will you notice my charm if he slips up one bit?

Cause I don't need to know, I just want to make sure you're okay
I don't need to know, I just want to make sure you're all safe,
all safe, all safe
