

## Tarmac

Joji

I was on the tarmac  
Pushing feelings way back  
I keep waiting to not care  
I was on the tarmac  
Trying to find my way back  
Won't you take me  
Take me there?

I was on the tarmac  
Pushing feelings way back  
I keep waiting to not care  
I was on the tarmac  
Trying to find my way back  
Won't you take me  
Take me there?

Someone said I used to be a lab rat  
I was on the tarmac  
Pushing feelings way back  
Pretending it don't hurt  
But I was swimming nine laps  
Taking our time back day-by-day  
Waiting for the time lapse  
Tell me how you did that  
I keep waiting to not care

Ooh, I keep waiting

I was on the tarmac  
Pushing feelings way back  
I keep waiting to not care  
I was on the tarmac  
Trying to find my way back  
Won't you take me  
Take me there?

I was on the tarmac  
Pushing feelings way back  
I keep waiting to not care  
I was on the tarmac  
Trying to find my way back  
Won't you take me  
Take me there?
