

# Window

Joji

I see nothing out the window, window  
Nothing out the window  
Watching all the leaves grow, leaves grow  
Feels better in my dreams though, dreams though

And the sun will shine no more  
The sun will shine no more  
I've been holding on too long  
Holding on too...

I know when the wind blows, wind blows  
Feels better in my dreams though, dreams though  
I just wanna sleep forever  
Please just let me leave forever

I don't need an antidote, antidote  
I don't need an antidote, antidote  
I don't need an antidote, forever

We don't wanna drive slow, drive slow  
Speed up with our eyes closed, eyes closed

Eyes closed  
Eyes closed  
Head down  
Eyes closed  
Ice cold  
Melt down
